Deposit: \$480.00 USD

Property Description

Generally ,if you wanna rent an apartment in Qingdao , Hong Kong Garden should be your first choice !

Hong Kong Garden which was built in 2001 is a wonderful neighborhood ,it includes two high-rise buildings which are both 25 floors high , Myka---a big super market is next to this neighborhood , which makes living here more convenient and easier .

Hong Kong Garden area is very prosperous ,surrounded by many bars , clubs ,restaurants , sundry stores . In fact , most foreigners in Qingdao would like to hang out here at night , this area is really the western life area . Plus , it is not far from seaside , Hisense Plaza ,Marina Square ,May 4th Square .

Another reason that here is perfect for foreigners is that the rent here is very reasonable and affordable . You know , generally , the rent of apartments near seaside is a little high , let's say , if you wanna rent a two bedroom apartment near the sea , for example , on Hong Kong Road , the monthly rent should be more than 3500 rmb , but in Hong Kong Garden , the monthly rent of two bedroom apartments is about 2600---3000 rmb . There are two reasons that the rent here is low ,first : Hong Kong Garden buildings are a little old (about 11 years old , but the inside of apartments here is very modern) . second: the size of apartments here is a little small , generally , two bedroom apartments here are about 70-80 sqm , but really cozy .
