Magma Ranch 5 Bed/2.5 Bath with All Appliances ...

Florence is one of the most rapidly growing markets in Arizona. With the addition of Central Arizona College, the demand for housing in Florence is rising. It is 5 minutes away from The Arizona Central College, High school and the Banner Ironwood Medical Center. This is an incredible chance to rent a brand new home in an established community.

It is very quite neighbourhood for teacher and the person who likes to live in a good quite environment. There is FRY's super market, Walmart and other different shops around us in the shopping center are close to us and it is convenience for us to drive for 5 minutes.

This is a wonderful home with a great floor plan and perfect for someone that wants to move in and really make it their own. Magma Ranch has great family friendly features including a terrific K-8 elementary school within walking distance for any community resident, also hosts many community playgrounds, walking paths, biking trails, and a community pool. The good thing about the house is school buses are pick up near this house. The rent we ask for it is incredible less than other close by house. K8 elementary school near to our swimming pool.

If you can see in the craigslist Santa Valley is asking for \$1450 for 3 bed rooms house but we are asking for \$1000 for 5 bedrooms... You will see the difference and also it is 5-10 minutes away from Santa Valley. No traffic. The person who work in Phoenix and Florence are the against the traffic.
