Property Description

This home feels brand new and from the moment you enter, you can tell no expense was spared in upgrades and features. The great room features wood look tile floors, overheight ceilings, custom paint and designer ceiling fan and drapery. This main living and entertaining area flows into the kitchen and dining area. The kitchen is a chef's dream - gas stainless steel appliances, expansive cabinetry, granite countertops, a large island with seating area, tile backsplash, high end fixtures and lighting, RO drinking system and tons of natural light. The master bedroom is spacious, has a walk in closet and the master bath has dual sinks and the same upgraded flooring and fixtures you see in the main living areas. The two secondary bedrooms are also a nice size. The backyard is simply perfect - travertine tiled extended patio, built in oversized BBQ with a sink and bar seating area. With no homes to the south, you can enjoy the putting green, gas fire pit, artificial turf and expansive views in privacy. There are so many other features to this home as well - laundry room with washer and dryer included, soft water system, gates on each side of the home to the backyard, additional storage area in the side yard, paver lined driveway, stacked stone front accents.
