Property Description

Beautiful sun-filled home with a great view of the lake. This 2-bed, 2-bath home is on a quiet street with little traffic, but just a quick two minute drive to the local market. Hardwood and tile throughout this home. The entry opens to the Great room. This open floor plan allows for infinite options in setting up your living space. The master bedroom has a large closet, vanity area with a separate walk-in shower and bathtub.

The laundry room, 2nd bath and second bedroom are all off the great room. The laundry area contains a brand new washing machine and a dryer, overhead cabinetry, utility closet and opens to the back yard. The kitchen has tile countertops, plenty of cabinets and a small barstool eating area.

The second bath is a full bath with vanity and walk-in granite shower with frosted sliding glass doors.

The second bedroom has its own closet space and window to the sunny side of the house. The front deck runs the 3/4 the length of the house with front door entry and a sliding glass door entry also. There is an outdoor storage room accessible on the deck also.

There is a single car garage and parking for two to three vehicles in the driveway.
