Property Description

Spacious 4 bedroom and 2 bathroom corner lot in a quiet neighborhood built-in 2022. This house has an open kitchen concept to the living room floor plan. It has stainless steel appliances with a decent size island, white kitchen cabinets, stainless steel door knobs, white quartz countertops, and a kitchen window on top of the sink towards the backyard view. Kids' bedrooms are a decent size with spacious windows included in each room. The master room included a bathroom with a walk-in shower and the hallway bathroom includes a tub. House has a 2 car garage. This house includes a special ventilation fan in the hallway, brand new greyish-white vinyl waterproof flooring, grey modern paint, white ceiling lights, and a chandelier in the dining area with spacious windows. The solar system is also included.
