## Property Description

Fabulous 3 bed / 2 ba condominium residence where rich textures and a polished sense of design thrive on visual excitement. Live the hassle-free, hotel-style experience on the 21st floor in downtown San Francisco that used to be available only to the super-rich.

Life is about striking a balance between indulgence and utility where upscale is unpretentious while contemporary doesn't need to be trendy. The building has a private park on the fifth floor where you can soak in the over-sized hot tub or work up a sweat in the fitness center. The expansive park allows for plenty of room to socialize with your friends at the state-of-the-art entertainment center in the private Club Room or shift the party outdoors to the BBQ or fire pit. Best of all, you're just a short walk to public transportation, Union Square or Chinatown thereby marking downtown San Francisco as your personal neighborhood to work and live. (PMISF)
