Property Description

This is a must see 970 sq. ft., 2-bedroom, 1 bath ranch with full basement. Completely remodeled in 2018. Open floor plan, stainless steel appliances, new furnace and central air, new Wall Side windows and Hunter Douglas blinds. Bathroom also remodeled with tile, glass shower doors, new lighting and vanity.

There is a patio out the back door with fenced yard and a basement that is a place you will want to hang out in during the winter. Of course, it also has new washer/dryer and space to fold laundry. The basement gets bright sunlight during the day so it's almost like being on the main floor!

Located on a quiet dead-end street, close to I-75 and Big Beaver Road.
