Property Description

New construction ! From the large foyer the view of the 2 story stairway fills this home with natural light. The large great room with an open floor plan invites the outdoors inside with plenty of windows with a view of the wooded rear yard. The large kitchen with Stainless Steel appliances including refrigerator, glass top range, microwave hood, dishwasher and garbage disposal. Enjoy the breakfast bar for casual dining or the Dining room with a single French door leading to the rear yard . A large laundry room complete with Washer and Dryer and a closet, a separate storage room with access to the crawl space, an oversized powder room complete the first floor. An open stair way leads to the second floor. A large primary bedroom with En-suite bathroom features a tiled shower stall with a glass wall ! Double sink vanity and double doors open to the linen closet. An enormous closet completes the primary bedroom suite. 2 additional large bedrooms both with amazing closet space. The hall bath with a tub shower combination is finished with a neutral palette and tiled floors. Energy Star HVAC ! Access to the 1 car garage from inside the home, perfect for those rainy days!
