Property Description

In a fantastic location only a mile from The College of New Jersey, this adorable brick- front Cape is a heart-stealer! Soothing paint colors and uplifting sunshine flow throughout the home, creating a calm, delightful atmosphere. A bright living room offers a warm, spacious welcome. Plenty of counter and cabinet space bring the eat-in kitchen up-to-task, as does a gas range and a backsplash gleaming with brushed steel and marble tile. With the practical floor plan that the time-honored Cape is known for, there are a pair of large, hardwood-lined bedrooms and full bath on each of the floors. Need room for a home office or playroom? The finished, carpet-soft basement. Or if the sun is shining, head out to the greenery-edged yard, the perfect spot for barbecuing, relaxing.... there is a garden shed. Plenty of closet space and attached 1-car garage.
