Property Description

Welcome to 4419 Edgemont St. Located in the beautiful neighborhood of Bridesburg, Philadelphia. This stunning home has been totally renovated, and comes with 3 bedrooms, 2 bathrooms, central A/C, and boasts just over 1,700 sq. ft. of living space. This is one of those true twin townhouses, with plenty of that old world charm. The house gets plenty of natural light and is very bright and sunny. We installed 100% thermal windows with sun control awnings. The original hardwood floors have been refurbished throughout the house. The original stained glass windows were left intact in both the foyer and the living room. You have a traditional, eat in kitchen, with a dishwasher included. This property even has an awesome finished basement, with a built in wet bar, and a laundry room, equipped with a washer and dryer. And one of the best features of this listing, is not only the beautiful large back yard, but also the incredibly long drive that will allow you to pull in about 3/4 cars, and you can fit another 2 cars in the covered secure garage.
