Property Description

This single-level ranch-style house is looking forward for your family to make it a "home"!

Gleaming hardwood floors throughout, and a unique wrap-around decorative fireplace are two great features of this lovely home!

With two spacious bedrooms, plus a HUGE master suite, this home is ready for you to call it your own. All-electric, with fully remodeled kitchen, great outdoor area, and a walk-in closet fit for a queen (and her king!), this home has it all.

Huge level yard is fully fenced in the back, and with the oversized, covered patio (complete with romantic swing), the grill-master in your family will love flexing his (or her) culinary muscles out here!

When outdoors is not the mood, the beautiful kitchen makes a great alternative. With stainless-steel appliances, and a convenient island, with plenty of cabinet and counter space, this is the perfect place for preparing special holiday meals or whipping up a quick breakfast on a busy morning.

Relax in the den, with oversized sliding doors to share the outdoors with the indoors on those cool fall evenings. Or entertain in style in the formal living room, while enjoying the same crackling fire in either area.

The true gem of this home is the luxurious master suite. Duplicate oversized sliding doors open onto the back patio from the master. Recessed lighting creates the perfect ambiance. The huge closet includes a secure safe to store valuables. But the master bathroom is truly an escape! With double vanity and jumbo tiled step-in shower, this is the place to wash away the daily grind!

Huge double carport, with TONS of secure storage, completes this package.
