Property Description

Beautiful 1920's craftsmen style home entails 3,241 sqft and boasts an inviting huge living room with a fireplace. The entire interior of the property has been freshly painted and updated with modern fixtures throughout the home. The interior features incredible wood trim and refinished wood floors throughout. The home has four very spacious bedrooms and two full baths. Once you approach the second floor from the beautiful wood staircase you're welcomed with beautiful windows to a wonderful bonus room that would be a great study or den. The outside has large developed oak trees in the front with a huge covered front porch. The backyard includes a back screened porch. This is a gorgeous property and will not last long.
