**Deposit: \$995.00 USD**

### Property Description

Just minutes outside downtown Petersburg is Burr Lofts. Originally a dungaree factory, the building was completely renovated in 2016 into Industrial Chic Loft style apartments. The kitchens at Burr Lofts are something to brag about. With modern gray wood stained cabinets, classic black granite countertops and stainless steel appliances they juxtapose perfectly with the industrial chic feeling of the apartments. Original Hardwood floors lead throughout the apartment except for the designer tiled bathrooms! The large industrial size windows bring in tons of beautiful natural light. Each unit comes with a full size stacked washer dryer. Just a mile and a half to Virginia State University and close to West End Park, popular for its basketball courts, track and field. The building is around the corner from Appomattox Regional Governor's School and Pittman Vocational School. Just a few blocks away is the Petersburg Public Library. Just across the street is the beautiful Third Baptist Church and its massive sweeping lawns. The green space all around the building and nearby park make it the perfect apartment for pet owners!
